A MESSAGE FROM THE

With only a few weeks of school left, I want to take this opportunity to thank everyone for making this such a wonderful year. Despite COVID and construction, the support from staff and parents has been tremendous. In addition, the cooperative, respectful behavior of the students has made every day a pleasure. I truly appreciate what all of you do to make the Burrell such a fabulous school.

Education research tells us that there is a loss of skills over the summer unless students continue to practice. Brain research has shown us that a little practice over a long period of time puts more skills into long-term memory than a few, extensive but isolated efforts. Participating in the summer reading and math programs can help to address this. Both programs are fun and provide a sense of accomplishment in the midst of a relaxing summer. Be on the lookout for more information on summer reading and math programs coming home soon.

As many of you already know, Wednesday, June 16th is the last day of school and it is an early release for students. School will be dismissed at 12:05. There will be no lunches served.

Have a great summer!!

Mrs. McCarthy
